CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA

FRIDAY, FEBRUARY 10, 1928.

Golden State
News of Interest to All

California's consolation prize for mineral production in 1926 has been awarded to Sutter county. First prize goes to Los Angeles because of its many flowing oil wells which helped build up a total mineral production figure of \$194,358,926. The State's total was \$450,330,856. Alpine and Kings counties kept company pretty much with Sutter in the smallness of mineral production totals, for, while Sutter's was \$450 and Kings \$720.

The division of motor vehicles a few days ago estimated that approximately 135,000 persons were fined, jailed or otherwise punished in California during 1927, for violations of the motor vehicle act. Actual abstracts of violations forwarded to the division by the various courts of the state, in compliance with the law, number 85,145. Division officials estimated there were at least 50,000 more violations of which the state has no record, due to the failure of judges to report.

California peace officers during 1927 called upon Governor Young to extradite 185 fugitives from other states, the Governor announced last week. At the same time the chief executive was asked to order 267 fugitives returned to other states, but of these requests only 173 were granted. Los Angeles with eighty extradition requests and San Francisco with twenty-four lead all the counties of the state in seeking fugitives in other districts.

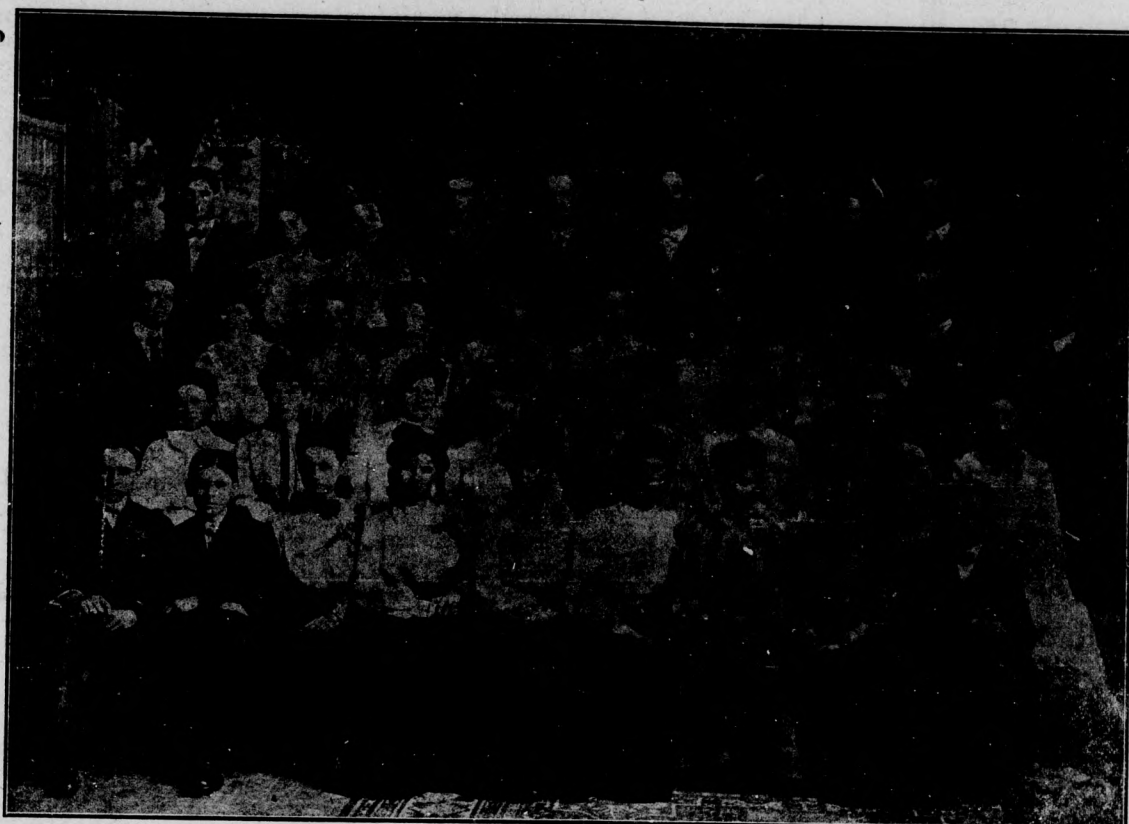

A survey of the operations of the State Veterans' Welfare Board to determine whether real estate men have been discriminated against in the purchase of homes and farms for California former service men, is being made by a committee of the Sacramento Real Estate Board, it became known last week. F. E. Michel, president of the Sacramento board, announced that a special committee is now studying the workings of the State agency and is expected to present a report in the near future. And this news was met by a statement from George M. Stout, secretary of the Veterans' Welfare Board, to the effect that the State is buying homes to aid the former service men of California and not the real estate men.

California county probation officers have been requested to co-operate with Mrs. Anna L. Saylor, state director of social welfare, in an attempt to standardize probation work. Recently Mrs. Saylor held a conference at Sacramento with leading probation officers of the North, and a similar meeting with officers of southern counties soon will be held in Los Angeles. Mrs. Saylor declared that the probation officers generally favor a standardized system for all the counties and are anxious to assist in the formation of a program that would work to the benefit of the officers.

Based on the returns from the three-cent gasoline tax the last quarter of 1927, the State Board of Equalization estimates that California's road income from this source for 1928 will amount to \$32,000,000, of which approximately \$10,600,000 will go for new construction on state highways and \$21,400,000 will be used for maintenance and repairs of existing state and county roads. A statement to this effect was issued by the board at Sacramento last week.

State Forester M. B. Pratt a few days ago announced that 25,000 2-year-old seedlings of assorted species have been given to the state board of forestry by the Eddy Tree Breeding Station of Placerville for experimental purposes. All but 9,800 of the seedlings are to be assigned to interested individuals in various localities of the state to determine the proclivities of the trees in various climates. The remainder will be placed in the state nursery at Davis. Most of the trees consist of western yellow pine, Rocky Mountain yellow pine, Douglas fir and redwood. But there also are some up-pine, eastern white pine and Japanese larch.

Stockton's \$6,000,000 deeper-water project, the construction stage of which will begin this year, will provide California with the finest and safest inland waterway for ocean-going ships in the United States, and be of great aid to inland development, according to information given Stockton Chamber of Commerce committees and civic bodies by City Manager Charles E. Ashburner. During the first year's work on the project, a total of \$1,239,000 will be expended jointly by the Federal government, the State of California and the city of Stockton. The government appropriation calls for \$420,000, while the city will spend \$400,000. The remainder will be supplied from the \$419,000 rights-of-way appropriation of the State of California.

Campbell High Dodona Society of 1904.

Top Row—Clarence Martini, Alfaretta Hutton, Mildred Keesling, Milton Francis, Geo. Schuyler, Ralph Hyde, Alta Cheseboro, Ellen Wakeman, Kay Pitman. Second Row—Stanley Smith—Vaughn Lloyd, Beth Bucknall, Nina Davison, Grace Blogett, Lela Oliver, Etta McKenzie, Ethel Hills, MFary Schuyler, Geo. Righter. Third Row—Mathilda Hays, Della Kennison, Francis Fablinger, Avel Mary Canine, Mable Ross, Grace Bohnett, Meryle McCarty, Mervyn Keesling, Merle Lloyd.

To Old Settlers this will recall many a pleasant gathering and festive occasion among the young folks. This society was

one of the organizations of Campbell High in 1904.

February 22nd, Old Settlers' Day at Campbell will be the occasion of the home-coming and

reunion of this organization and other groups of like nature. In the past several former high school classes have taken this occasion for reunion picnics and it

has proved a source of much pleasure. Members of this society are scattered to all points of the compass.

KEESLING-KUNZEL

Charming home wedding was an event of last Wednesday afternoon at the home of Mr. and Mrs. A. C. Keesling, in Campbell, when their daughter, Wana, became the bride of Frederick Kunzel of San Diego. The Rev. J. H. Bennett of the Congregational Church of Campbell performed the ceremony.

Spring flowers and greens, in baskets, were used as the decorations, and many candles in tall candelabra served as the only light.

Ten little grandchildren of Mr. and Mrs. Keesling were the bride's attendants. Escorted by Mona Keesling and Curtis Abbott, and all carrying the lighted pink candles in green holders, the children preceded the bride and formed a semicircle for the wedding party. A delicious dinner followed the ceremony, after which Mr. and Mrs. Kunzel left for Carmel for their honeymoon.

Mr. and Mrs. Kunzel are both graduates of Stanford University and each has taken post graduate work. Mr. Kunzel was admitted to the bar last summer and is at present in the office of Judge Luce in San Diego, where the young people will make their home.

LEGISLATIVE TREND
BY HERB JONES

Tac Cutting was rather unfortunate in the attendance of his crew Tuesday in as much as many of the men had to leave while others were unable to be present.

Wm. Baylor of San Jose gave an interesting talk on ideals as applied to service clubs.

Ira Abbott will be chairman next week and Senator Herb Jones will speak on "the modern tendency of legislation."

Chamber of Commerce, Monday.

DR. CADMAN CELEBRATION ORATOR

Dr. Cadman of the University of California is speaker of the day for Old Settler's Day. He gave an address at Campbell some years ago and is a very good speaker for such an occasion. Word was received yesterday afternoon stating his acceptance of the invitation.

Kiwanians Perform
For Old Settlers

The Kiwanis Club is putting on a one act play as a part of the evening program, Wednesday night, February 22, Old Settler's Day. The play is full of laughs and funny dialect, written by H. A. Kiffin, and entitled, "Mrs. Flynn's Lodgers."

The cast is holding almost daily rehearsals and will have a well polished production by the 22nd. The cast is as follows:

Mrs. Flynn (Keeper of the Lodging House) Ira Abbott
Richard Fairfax (Poor Artist) Guy Farley
Sam (His Colored Servant) Sam Merrill
Professor Weinhaben (Another) Nick Hedegard
Anton Sawyer (Prospective Buyer) Joe Bennett

Robert Feathers popularly known in Campbell as "Bob," youngest son of Mr. and Mrs. A. M. Feathers of Union district, sailed last month on the Robert Dollar S. S. President Hayes on a world tour to be gone about six months, leaving San Francisco. Bob will be one of the cadets.

A sale proposal is in the air as we go to press and just when the deal will be closed is problematical, but our popular Peter Pan baker, Hal Tuttle, is negotiating to sell his business in Campbell to an experienced baker of San Francisco. If the sale is made Mr. Tuttle has no definite plans for the future, but will remain here for a time.

CAMPBELL WATER CO. WILL MAKE
EXTENSIVE IMPROVEMENTS THIS SPRING

The Campbell Water Co. has just announced that it has completed plans which call for improvements that will make its service equal to that of our neighboring towns.

A contract has already been let for a 75,000 gallon steel tank which will be erected on a corner of their property on South First street and the private right of way of George E. Hyde & Co. This steel tank will be 100 feet from the ground and 130 feet high at the top and will give a constant pressure of 54 pounds which is more than is carried by neighboring cities.

The steel tank will be connected to city mains by 2 8-inch pipes which will serve the city in 2 directions, one main to take care of service on Campbell avenue and the business section and the other to take care of Sunnyside, Rincon avenue and all territory south of Campbell avenue and west of South First Street.

In addition to the steel tank the company will erect a concrete settling tank holding about 50,000 gallons which will not only act as a storage but is so arranged that the water will be aerated and filtered taking out all sand, silt and sediment. This will allow the company to deliver a cleaner water, thereby preventing meters and pipes becoming clogged with sediment.

This settling or filter tank will be erected just back of the steel tower and both wells will pump directly into this tank and the water boosted from there to the 75,000 gallon steel tank on the tower which allows it to flow by gravity into the mains.

The company in the past has been forced to run a booster pump during the summer months to maintain sufficient pressure on account of the old wooden tanks being only 40 feet high giving only 20 pounds pressure to supply the growing demand.

The booster pump pressure which has been doing the work

in the past will not supply the demand and is unsatisfactory on account of the pressure not being constant. The new pressure will be by gravity from the steel tank and will therefore be constant regardless of the demand.

In addition to the above improvements the company has already installed a new direct drive pump in the well on South First street which will deliver about 1000 gallons per minute the same as the pump in their well No. 2 on the corner of Rincon avenue and South First street. This will be welcome news to farmers who use water for irrigation as it gives them two irrigation streams each having a capacity of close to 1000 gallons per minute. In the past the stream from the old well on South First street has been too small to use for irrigation. The new pump is a Campbell and Budlong improved type having five bowls 200 feet deep and 75 horsepower motor directly connected.

It is needless to call attention to the new pump house on South First street, all will agree this is a great improvement over the old house which stood there for many years. This house takes care of all electrical equipment and booster pump which of the latest design.

Campbell is certainly pleased to know of these planned improvements that speak so well of the faith in our community and its growth. The company is deserving of the heartiest appreciation and support for its progressiveness which is such a valuable asset to the community.

The work will be completed about May 15th.

Grant Taylor, a graduate of the C. U. H. S. and recently of State Teachers' College, will leave soon as one of the band on the Dollar liner, President Adams, which will also make a tour of the world sailing westward and returning across the Atlantic.

Chamber of Commerce, Monday.

ANNIVERSARY SUPPER ENJOYED

A very enjoyable supper was the fellowship supper at the Congregational Church Wednesday evening honoring Rev. and Mrs. J. H. Bennett, who have been with the church for the past year. Following the supper a program was given in the church. Kermit Van Every one of the boy scouts, gave a clarinet solo accompanied by Miss Nielson at the piano. Short talks by H. V. Archibald and T. A. Cutting on the church work were given. Solos by Dr. W. I. Merrill and Mrs. Mrs. R. H. Hyde were much enjoyed as was also the solo and anthem by Miss Elsie Swanson and the choir.

Rev. Hugh K. Hamilton of Los Gatos speaker of the evening gave an interesting talk on "The church" and its trend. Rev. W. C. Robbins offered the prayer.

Rev. J. H. Bennett expressed his sincere thanks to the various organizations and individuals who had helped so much in the church organization and work that has been begun among the young people of the congregation and Mr. Bennett is urging the hearty support of the membership to this and similar movements. M. A. Ross was chairman for the evening.

NEW MODERN STORE
FOR CAMPBELL

The Miller Store will open for business tomorrow in its commodious quarters in the new Cutting Block. The enterprise is to be run on the department plan and associated with Miller will be Herbert Shadle in the drug business. Mr. Dearborn in the meat market and a vegetable division.

The warehouse and storage department is conveniently arranged and a crew of extra help has been busy the week placing the stock on the shelves. A large refrigerating plant has been installed for storage and display cases in the market department and larger towns can not boast of a more up-to-the-minute plant.

The office rooms are on a mezzanine floor as are also very neat living apartments for Mr. and Mrs. Miller.

The drug department in charge of Herbert Shadle, for years manager of the San Jose branch of Owl Drug Co. will carry the Owl Drug line.

CLUB HOUSE WARMING

February 1, the Moreland Good Will Club met with Mrs. Earl of Payne avenue. The afternoon was spent in completing arrangements for the housewarming which occurred Saturday evening and the card party of yesterday.

The housewarming was a local affair for the residents of the district who had helped in various ways for a number of years in bringing the clubhouse to completion.

Chas Gruwell gave a very interesting history of Moreland district. Other speakers were George Payne, J. E. Wiesendanger, Mrs. J. Boden and Mr. Rae, late of the Santa Clara schools.

Mrs. Herbert Bearce of Santa Clara sang a group of songs among them "A Four Leaf Clover," and "A Perfect Day."

Mrs. Nye Farley, also of Santa Clara gave a vocal and whistling solos accompanied by Mrs. Penniman.

Dainty refreshments were served during the pleasant hour following the program.

H. C. TUTTLE

Cong. Free Announces Gov't Exams

An exceptional opportunity is offered young men of the right caliber to complete their education at government expense and to become commissioned officers in the United States Coast guard, one of the military services of the United States, which includes service afloat and ashore.

The age limits for appointment of cadets are 18 to 22 years. An applicant, who has passed his 22nd birthday is ineligible for appointment.

Cadets are trained and educated at the Coast Guard Academy, New London, Conn., and each summer are taken on an extended practice cruise. Cadets receive the same pay and allowances as midshipmen in the navy \$780 per annum and one ration per day, 80 cents.

Upon graduation, after three years at the academy, a cadet is eligible to be commissioned an ensign. Commissioned officers in the coast guard rank with officers in the army, navy and marine corps and receive corresponding pay and allowance, grade for grade.

Educational examination for cadets precedes the physical and takes two days. Applicants for cadetships of the required moral character who present satisfactory certificates that they have completed the equivalent of a four year high school course and have received fourteen credits in subjects prescribed by Coast Guard headquarters are required to take a written examination in mathematics, (algebra and geometry,) history and English. A high school graduate should be able to pass the examination.

The examination is strictly competitive and is open to all young men who possess the qualifications with respect to age, education and character. Examinations will be held at such places throughout the United States where it is found practicable to have examining boards and the number of candidates warrant.

The successful candidates who are tendered appointments will be ordered to report to the superintendent of the Coast Guard Academy on or about September 1, 1928. They will be allowed five cents per mile to cover travel expenses from the place of appointment to the academy. Upon arrival at the academy a cadet will be required to deposit the sum of \$200.00 to be applied to the purchase of necessary uniforms and

GOOD WORK TELLS

The untiring efforts of the water conservation committeemen is bearing fruit, and that abundantly. The dam recently installed by Will Finnemore, under the direction of the committee, at the head of the Page ditch, was turning a full stream of water through the gates to the thirsty lands to the South and west of Campbell. In some places the banks were overflowed and in others gaps were cut to let the water flood some of the lower flats and gravel spots. The principal plan of the association is to fill the lower strata with water by percolation and thereby raise the water level in many of the wells of pumping plants. With their dams and waterways, Lloyd Gardner, Leroy Anderson, Nic Hedegard and Ed Weisendanger are sure the "Busy Beavers" and are deserving most hearty moral and financial support in this good work.

NEW STUDENTS ENTER LOCAL HIGH SCHOOL

The following students entered high school Monday, beginning the midyear term as freshmen.

Dorothy Smith
Thomas Sourisseau
Edna Soutar

Mrs. Rea has been added to the faculty to teach English and history.

equipment. Pay and allowances received are adequate to cover all expenses while at the academy.

For further particulars write to the commandant, U. S. Coast Guard, Washington, D. C.

THE SLEEPER

(George Sterling—November, 1926)

By DWIGHT L. CLARKE

(In the Bookman)

For one who lies in slumber on an eve
When every happy thing with life is warm
For such should we feel pity? Should we grieve
That eyes and ears and nostrils do perform
Their wonted tasks no longer; that the air,
So vibrant with a music of its own,
Carressing, finds the sleeper unaware?
Nay, rather should we leave our friend alone,
Attended by the concourse of the spheres
And envy him that mantling time with grace
As tender shed as any mother's tears,
Enwrapping him, draws peace across his face.
For that dark nurse who touches his brow the last
But lifting crushing weights from off his soul;
The infinite he groped for in the past
Become the common trappings of his goal.

Municipal Ownership

Is municipal ownership losing out in America? Some statistics sent out last week by the Electrical World would indicate that it was slipping at least. Statistics from this source show that 181 municipally owned light and power plants passed into the hands of private companies. California does not appear on the list, but States like Iowa, Kansas, Nebraska, North Carolina and Georgia rank high. In Nebraska alone 22 municipally owned light companies fell into the hands of the corporations. Does this mean that public ownership was unable to compete successfully with the other kind.

In California public ownership has been tried and not found wanting. Think what San Francisco has done with its street railroads and Los Angeles with its water. Cheap municipal water enabled the latter to tempt dozens of factories to locate there. And now San Francisco is spending millions and millions on Hetch Hetchy so it can keep pace with Los Angeles. We will probably hear from Franklin Hichborn on this apparent failure of municipal ownership in the Middle-West and South.

Railroads Have Fight

There is a bill up in Congress to knock out the Pullman "surcharge," which is a holdover from the World War, and the railroads are fighting it. Commercial travelers, who are more affected by it than any other class, are out to pass the law. They can't see how it costs any more to run a Pullman now than it did before we licked Germany or did somebody else lick her. Pullman porters are still working for starvation wages and but for the tips of a generous public, the colored men who make up your berths, would not make both ends meet. And yet the surcharge survives. If this old war tax could be added to the wages of the railroad employees, and if tipping imposition could be tabooed there might be less desire to urge this bill in Congress.

However, the railroads are using the argument that the surcharge has been OKed by the inter-state commerce commission, which is the regulating power, and not Congress, they contend. And the railroads insist that if Congress pushes through the bill they will be compelled to ask for a raise in freight rates to meet their losses and do the farmers want their freight rates boosted so Pullman travelers, who are supposed to have ample means, can ride cheaper. It would seem that the railroads played a trump card when they suggested stiffer freight rates or were they just bluffing.

California has four national parks, 100 miles of ocean shore, a 1000-mile long Sierra playground, 30,000 square miles of national forests, 42,000 miles of paved highways and improved roads. Year-round motoring, golf, fishing, week-ending out-of-doors.

Woman Scores Again

Again Woman pushes ahead. Until now it has been John Brown and Son in business. Mother and daughter have stepped aside and let dad and the boy spread their names over the sign boards in front of their shops and on the stationery. But a change has come. H. Marment, a fruit and fish dealer of London, startled the business world the other day, by taking into full partnership his daughter and then advertising the new firm under the title of "H. Marment and Daughter." It reads a little strange, but we will get use to it. Just as we no longer turn our heads when we see mother or daughter puffing leisurely on a dainty cigaret.

Incentive

TWO MEN were discussing the subject of saving. "One said he didn't save because he had no incentive for it." The other said that he, too, had followed the same course until one day, without any definite plan in mind, he determined to put aside one-tenth of his salary regularly in an American Trust Company savings account. "Today he is moderately rich, because with the few thousand dollars he accumulated he was enabled to take advantage of an exceptional business opportunity." American Trust Company savings accounts pay four per cent interest, compounded semi-annually.

"Get the message through"

IN THE Sixties the "pony express" carried the mail over mountain and Indian wilderness from St. Joseph, Missouri, to San Francisco. The express riders and station keepers won undying fame for getting the message through, regardless of hardship or danger.

In fact and in spirit, the Bell System is the lineal descendant of the pony express. Operators volunteer to remain at their switchboards in the face of fire, flood or other great danger. Linemen go out to repair the lines in time of accident or storm—even at the risk of their lives.

There are no instructions requiring Bell System employees to endanger their lives. It is the spirit of communication that bids them, "Get the message through."

A Very Early Riser
"Are you an early riser?"
"I'm up every morning before the evening papers are out."—Judge.

He had ordered some chicken soup and, having tasted it, said to the waiter: "What's this you have brought me?"
"Deed, sah dat's chicken soup," was the reply.
"Well, there's no chicken in it."
"No, sah; dere ain't no dog in dog biscuits either."

Town Tales Tersely Told

Chamber of Commerce, Monday.

Mr. and Mrs. F. M. Halliwell are the proud parents of a son, born February 2.

Mrs. M. L. Waite, one of Campbell's former postmasters, was transacting business here Wednesday.

Mrs. R. W. Smith of San Francisco is spending the week here with her parents Mr. and Mrs. C. F. Rubell.

Mr. and Mrs. Robert Dunphy and mother, Mrs. M. Dunphy, were calling on friends in Campbell Sunday.

At the Grange card party tomorrow evening, Prof. Carey will render several violin solos and Miss Schulte will give her enjoyable readings.

Robert Campbell of Delta, Utah father of Mrs. Jane Highbie is visiting his daughter in San Jose. Mr. Campbell made his home here for a time and has been out renewing acquaintances.

BORN—To Mr. and Mrs. Fred Smith of San Tomas road, a daughter on February 2.

Progressive whist party this afternoon at the library hall. Tickets including refreshments 50 cents.

Wm. Skiff who was confined to his bed the first of the week with suffering from an attack of lumbago is able to get around again.

L. T. Lenox and wife are planning on a winter outing in the snows of Yosemite this weekend with a party of San Jose friends.

To reduce the building debt on the library, a colorful card party will be held in the hall this afternoon. Any who are willing to help in that cause may give their money to the chairman, Mrs. L. J. Carboni, or any member of the club.

Mr. and Mrs. C. E. Berry, who are making short stop visits in Campbell were home the first of the week returning to Redwood City. They commute daily from there to the S. P. hospital in San Francisco where Mr. Berry is receiving treatments for his hearing. He hopes to be home to stay in a day or two.

GROVER RUBELL SHOT ON HOME RANCH

The community was shocked Friday to hear of the sudden death of Grover Rubell, younger son of Mr. and Mrs. C. F. Rubell of First street. The following is the account given by the Merced Sun-Star:

Struck full in the chest with a shotgun charge when the gun he was dragging through a fence was accidentally discharged, Grover S. Rubell, 43, Merced rancher died almost instantly Thursday night, according to officers' story today (Friday, Feb. 3). Rubell, whose farm is located on the Six Mile grade near Bear creek just beyond Merced city limits, left the house last night in endeavor to shoot sheep-killing dogs, which had been bothering his flock, Mrs. Rubell told deputy coroner H. H. Houston.

When he did not return a search started, which discovered his body near a fence, with the discharged shotgun leaning thru the wires. The charge of shot had entered the left chest and penetrated the heart.

Mr. Rubell was born in San Benito county, Nov. 30, 1884, and in 1904, with his parents, Mr. and Mrs. C. F. Rubell moved to Campbell, Santa Clara county. He married Jessie Oliver, daughter of Mr. and Mrs. D. R. Oliver, Dec. 27, 1910, who survives, with two daughters, Mabel Harriet, 11, and Jane Iren, 8. He is survived by his parents, a brother, W. H. Rubell of San Jose and two sisters, Mrs. R. W. Smith and C. E. Hancock of San Francisco. Mr. Rubell had been a resident of Merced county since 1913. The funeral was held Saturday.

The bereaved family has many friends at Campbell, who extend their sincere sympathy in this sad hour.

Finley Relfe Passes Away at Hospital

Funeral services were held Sunday afternoon for Finley Rutledge Relfe, whose death last Friday at the San Jose Hospital came as a shock to his friends here, most of whom had not learned of his illness.

Mr. Relfe was a native of California, born at Lawrence Station, 39 years ago. The family moved to Campbell while Finley was a young boy and he attended the village schools. At the time of his last illness, due to pneumonia, he was living in Sunnyvale.

Mr. Relfe leaves his father and mother, Mr. and Mrs. J. G. Relfe, who returned to Campbell the past year and reside in the house at the corner of Central and Minna, formerly owned by Claud Gard; three sisters, Mrs. Alfred Jarvis and Mrs. Hugo Ehert, living in Illinois, and Mrs. C. A. Anderson in Oakland; three brothers, Edward C. Relfe of San Francisco, James T. Relfe, Sunnyvale, and Will F. Relfe, also in Illinois.

The community extends sincere sympathy to the sorrowing family.

Mr. and Mrs. E. R. Kennedy and Mrs. M. J. Palmer are expected home from Banning tomorrow. Mrs. Kennedy has been there for a time to regain her strength and is reported much improved.

The Campbell basketball team and their supporters, will journey to Palo Alto Friday night, where they are scheduled to meet the home teams in the final games of the year.

The lightweight contest should be a good one as both teams play a fast open game. There is no doubt about the capability of the local quintet to play good ball, but there seems to be a tendency for them to play erratically at times; the have risen to great heights also, yet, again their efforts were woefully weak. Which ever of these teams wins will be in the finals.

Campbell's unlimited team will be without the services of Steve Merrill, the latter having completed his basketball career in a burst of glory last week, and he will be greatly missed by the Campbell squad.

A large crowd will be in attendance and if you desire to get seats go early.

BOOKS, CLUB STUDY

Books—'Tis hard to find a more fascinating subject for a club program and the discussion enjoyed Monday by the Country Woman's Club was a stimulating one.

The program was opened with piano duets by Miss Elsie Merrill and Miss Miriam Blaine, their selections being "Contra Dance" by Beethoven and "Romance" by Tours, and they responded to an encore with Hensli's "Love Song".

Miss Jessie Lewis gave a very pleasing review of one of Eugene O'Neils latest plays, "When Lazarus Laughed," the third of his mythical plays—a queer conception, peculiarly dealt with.

"Splendor," a very new book by Ben Ames Williams was just touched upon enough by Mrs. Ellen R. Smith to instill a desire to read it.

Mrs. H. C. Smith gave a short commentary on "A Good Woman," by Louis, the fourth of a group of

Mrs. Voge then gave a talk on new books, touching a very interesting spots in each and giving her interpretations of their style or character. Among other volumes of fiction she St. John's Irvine's "The Wayward Man," Edith Wharton's "Twilight Sleep," "Road and Vagabond," by Compton McKenzie and then called attention to several of the best sellers of recent non-fiction.

Announcement was made that the meeting of February 20, would be addressed by Mrs. Nora H. McMurdo, who has a lending library in Burton Laughlin's Stationery Store in San Jose. The subject will be "Life Comments," and any interested are invited to attend.

Gram School Notes

The low eighth grade gave a reception to the graduates last Wednesday evening. Miss Naylor and her class had arranged a clever fortune telling program. The graduates saw themselves as they were to be in the future and every one enjoyed the stunts thoroughly.

After the program handsome gifts were given to Mr. Abbott and Miss Fablinger by the graduating class. The reception ended in the cafeteria with games and refreshments.

The graduating class presented the school with a telephone table for the office. This is a hand-made and handsome finished piece, Mr. C. T. Fawcett and Mr. Wm. Walton doing the work.

The teachers gave the trustees and their wives a chicken dinner on Friday evening in the cafeteria. It was served in courses with a group of teachers having each course. Between courses and following the dinner, different stunts in the way of entertainment were put on. The large room (made smaller with screens) and looked very homelike. The party was a success in every way.

Glass doors are being put in the building on the northwest end to take the place of the wooden door which has been temporarily put in for the winter each year.

Lecture Course at Hi

The Campbell Union High School announces a series of addresses to be given under the auspices of the Evening School. These meetings are to be held on Monday evenings at 7:30 at the High School Building beginning Monday, February 13.

The meetings will be under the direction of Professor Emil Lundkvist of the University of California, now on leave of absence. Professor Lundkvist has made a wide study of economic problems and is an able and convincing speaker. The subject of his first lecture will be "The Unifying and Enlightening Influence of Adult Education in the World today. Opportunity will be given those attending the first meeting to have a voice in the selection of subjects of the lectures which are to follow, such topics to be under the general grouping of American problems: Labor, trusts, and business organizations, problems of rural life, problems of crimes, problems of poverty, the United States and its foreign relations, the economic and industrial development of the United States.

Admission is free, and a large number can be accommodated.

P T A Founders Day

Founders Day and Home Coming Day for past presidents was observed by the C. U. G. S. P. T. A. Tuesday.

The program was in charge of Mrs. M. A. Allen, Founders' Day chairman, who read a short history of the club from its inception as a mothers' club in February 1912 through the efforts of Mrs. Mae Whitman to the present.

The roll call of presidents was read, nine of whom were present and told of the special work of her term, and three others messages were read.

The roster included, Mrs. Whitman, Miss Vineyard, Mrs. Lucy Smith, Mrs. H. C. Smith, Mrs. I. P. Beal, Mrs. Andrew Johnson, Mrs. Julia Tolls, Mrs. A. H. Osborn, Mrs. W. C. Bohnett, Mrs. Clara Baldwin, Mrs. Mabel Davidson, Mrs. Geo. Schuyler, Mrs. Frank Rego, Mrs. S. N. Hedegard and the present incumbent, Mrs. A. D. Rice.

Mrs. Edgar L. De Arman of San Jose past State president and national officer was introduced gave a very interesting account of the calling of the first Parent-Teacher convention in Washington, D. C., February 17, 1897, and the growth and development of the movement all over the nation.

California still heads the list of states in the number of members.

Notice was given of the last sixth district meeting next Thursday, February 16, at Los Gatos when Founders' Day will be observed, with State president, Mrs. McCollough as guest of honor.

A silver tea was held in the cafeteria after the meeting, the proceeds being set as a birthday gift to the National Child Welfare Work.

Mrs. Marion Plumm's room won the attendance prize for the first time.

Mrs. M. Dunphy has rented the house on her ranch at the junction of the Johnson avenue highway and Los Gatos road to a family by the name of Harris.

Chilly or cold? — snap on safe electric heat

When you come home cold, you get healthful warmth quickly with a large portable electric heater. You have pleasant warmth for a minute or two or for hours.

A portable electric heater is light in weight. That makes it easy to have warmth in any cold room. It warms the bedroom for dressing. Heats the bathroom. Quickly dries mother's hair. Provides safe warmth when you leave the children by themselves.

Have our electric heating representative tell you about our special heating rates.

Consolidated Plans Publicity for County

G. H. Himle of San Francisco was a guest at the L. R. Rathbun home over the week-end.

F. H. Cutting made a business trip to San Francisco Wednesday. Floyd Gattrell came down from Davis last Friday to spend the week-end with relatives.

Chas Hancock and R. W. Smith have leased the Hub Garage in San Francisco and have begun serving the public. Three floors are occupied for storage and parking. Mr. Smith is an experienced garage man and thoroughly understands that line. Charlie will be remembered as one of Campbell's popular young men and his friends here wish him success.

After careful consideration and detailed discussion of all items, it was unanimously passed that the report as prepared by the publicity committee be recommended to the county Board of Supervisors as the appropriation for the county advertising funds to be expended annually, at the monthly luncheon meeting of the Santa Clara County Consolidated held at Saratoga Inn, Tuesday, February 7. The items included in the recommended budget of \$10,854 to Supervisors were as follows: State Fair, \$4500; Foreign Trade Exposition Exhibit, \$2000; Saratoga Blossom Festival, \$1000; County Agriculture booklet, \$2500; Pacific Highway Association, \$1000; Travelers' Aid Society, \$600; Mountain View Exposition, \$250; It was also pointed out that out that an additional sum for county advertising would be recommended to take care of certain emergencies that are generally cared for by the county advertising funds. A motion of recommendation to the Supervisors was also passed that the tax rate for the county advertising be raised from one-half mill, which it is at present, to a sufficient rate in order that the above recommendation of funds may be provided.

After a luncheon befitting the hospitality of the popular Saratoga Inn, President L. C. Renn of the Saratoga Chamber of Commerce welcomed the members to the Foothill City, telling how pleased he was to have them meet there.

OLD SETTLER'S DAY
President Wendell C. Thomas of San Jose, who presided, then called on Harry Smith, president of the Campbell Chamber of Commerce, who in turn told of the desire of Campbell to have every old settler of Santa Clara county present at the celebration especially for them at Campbell on February 22. He mentioned the tentative day and evening program that had been planned.

BLOSSOM FESTIVAL
Dr. Mendelsohn, chairman of the Blossom Festival, announced that the newly formed Saratoga Civic Center Council will be in charge of the festival this year. He stated that the possibility of rain was the chief difficulty in setting a date and announced that tentative plans called for a large band and pageant dancing to entertain the guests rather than an orchestra and dother features that have been used before. The location of the program will probably be changed to a site where the visitor may see "miles and miles of blossoms," but not so centrally located as far to traffic congestion but within the township.

PRUNE WEEK
A resolution of appreciation was voted to W. F. Powers, chairman and originator of Prune Week, after his detailed report of the last two annual prune weeks was read. Nearly 17,000 five-pound boxes of 40-50 prunes were sold as an advertising project during the last prune week. Many compliments were paid Powers for his efficient direction of prune week activities for Consolidated.

Supervisor C. P. Cooley of Palo Alto stated that the Board of Supervisors very carefully considered the tax rates of the county during the past 6 years had repeatedly lowered the rate, rather than increased as in many counties. He stated that the policy of the Supervisors was to "pay as we go" and that this county had no bonded indebtedness except those bonds of approximately \$100,000 held in connection with the County Hospital's repair incident to the 1906 earthquake.

The recommendation was also passed that the Supervisors not appropriate any of the county advertising funds for any convention that is held in any one community of the county.

The next meeting of Consolidated will be held at Mountain View, March 6.

Those present from Campbell were B. O. Curry and Harry Smith.

Quotations from Hall of Fame

Use what language you will, you can never say anything but what you are. —Emerson.

"Nineteen hundred and twenty-seven has confirmed the view that everything essential is world-wide. There are no boundaries to commerce, to finance, to radio, to science, to art, to health, to sport." —P. W. Wilson

"I hear more beautiful things when I read music than when it is played." —Fritz Kreisler.

It is not possible for a man to teach others what he can not teach his own family. —Chinese Proverb

Peace, not war, is an essential preliminary to the establishment of a sound economic position, and peace is not insured, but rather endangered by competition in armaments. —Sir William Roberston.

Cagers Win and Lose W C T U Institute

Campbell's High School quintets broke even in the games played with Sequoia here last Friday night, losing the lightweight contest, 21-5, and chalking up a win over the Cherokee unlimiteds. The final score was 27-11.

In a preliminary game the Campbell boys were completely outclassed and the visitors romped away with an easy victory. Never did Campbell supporters witness such a miserable exhibition of basketball as the local lads displayed. Sequoia was stronger defensively and seemed to have uncanny ability to find the goal. Their defeat must not be taken too hard, however, for even the best teams have an off-night, and as the players are all youngsters they cannot be expected to play flawlessly at all times.

Disability to stop Steve Merrill was the cause of the downfall of the Sequoia unlimited team. Merrill shot goals with sensational frequency and was high-point man with 13 digits to his credit. Clouser and Murdock also showed to advantage.

The Sequoia rooters outnumbered the locals about 3 to 1 which goes to show the adverse conditions under which the Campbell teams were forced to play.

Tables for bridge may be engaged for the Valentine card party this afternoon under the auspices of the Country Woman's Club, 50 cents per person.

Center Council will be in charge of the festival this year. He stated that the possibility of rain was the chief difficulty in setting a date and announced that tentative plans called for a large band and pageant dancing to entertain the guests rather than an orchestra and dother features that have been used before. The location of the program will probably be changed to a site where the visitor may see "miles and miles of blossoms," but not so centrally located as far to traffic congestion but within the township.

PRUNE WEEK
A resolution of appreciation was voted to W. F. Powers, chairman and originator of Prune Week, after his detailed report of the last two annual prune weeks was read. Nearly 17,000 five-pound boxes of 40-50 prunes were sold as an advertising project during the last prune week. Many compliments were paid Powers for his efficient direction of prune week activities for Consolidated.

Supervisor C. P. Cooley of Palo Alto stated that the Board of Supervisors very carefully considered the tax rates of the county during the past 6 years had repeatedly lowered the rate, rather than increased as in many counties. He stated that the policy of the Supervisors was to "pay as we go" and that this county had no bonded indebtedness except those bonds of approximately \$100,000 held in connection with the County Hospital's repair incident to the 1906 earthquake.

The recommendation was also passed that the Supervisors not appropriate any of the county advertising funds for any convention that is held in any one community of the county.

The next meeting of Consolidated will be held at Mountain View, March 6.

Those present from Campbell were B. O. Curry and Harry Smith.

A W. C. T. U. Institute will be held in the M. E. Church Wednesday, February 15th, commencing at 10 a. m. At noon a luncheon will be served at which the local pastors and others are expected to speak. An afternoon session will be called to order at 1:30.

Mrs. Anna A. Pettit of Parlier State vice president at large of the W. C. T. U. will be the leader this year. She is a woman of charming personality, an enthusiastic speaker, and has a wide vision for the great cause she represents.

Everyone who is interested in the work is cordially invited to enjoy the meeting with us and learn what has been done and what we hope to accomplish in the future. We especially invite mothers of young children to bring them and learn of our work. Our slogan is "Organized Mother Love."

"I can't see much difference between that and work," said the laborer watching a golfer.
"You would on pay day," replied his friend.

CERTIFICATE OF CO-PARTNERSHIP TRANSACTING BUSINESS UNDER A FICTITIOUS NAME.

The undersigned A. J. Hocking, Minnie Williams and C. A. Blewett hereby certify that they are co-partners transacting business as such in the City of San Jose, County of Santa Clara, State of California, under the firm name and style of "Hocking & Williams Co."

FAST CAGE GAMES PROMISED FANS

Starting this Saturday night, February 11, there will be basketball games every Saturday night for the next six weeks or so in the Campbell High School gymnasium.

Now that the high school season is practically over the alumni players feel that the people of this community have not seen many games this year so they are going to give games here for an indefinite time.

Manager "Mac" Feathers is going to secure the best and fastest teams that he can get around these parts.

This Saturday night, February 11, the Campbell Alumni 145's and alumni unlimited will play the Watsonville alumni 145's and alumni unlimited here and then next Saturday night February 18, the San Jose alumni 145's and San Jose alumni unlimited here.

To date the Alumni 145's have played seven games, winning five and losing two. The Campbell Alumni Unlimited have just started and won the one game they have played.

The Alumni 145's will line-up with Davis, Hummel, Murphy and Clark, forwards, Blaine, center; Feathers, E. Nelson, C. Nelson and E. Freitas, guards.

The Alumni unlimited will line lineup with: Kalas, Eddlemon, M. Nelson and Monte, forwards; W. Robinson and C. Nelson, centers; B. Reed, H. Shelley, R. Steindorff and H. Cramer, guards.

East through the Sunny South

—Sunset Limited, famed 'round the world, offers a journey of rare attraction.

Southern Pacific's colorful Sunset Route lies along the nation's southern border. Through California's orange lands, across fertile mesas and broad plains and along placid Louisiana bayous to New Orleans. All the way the romance and historical interest of the Southwest and the Old South. See Apache Trail highway—one day side trip in Arizona.

It costs no more to go east this way to New York. From New Orleans, continue by train or enjoy the delightful ocean voyage to New York aboard Southern Pacific's steamship (meals and berth on the ship included in your fare).

Over this route, "Sunset Limited" carries you swiftly and comfortably. Its appointments are complete in every detail. Also the "Argonaut" from Los Angeles over this route.

Go this way and return some other Southern Pacific route if you wish —Overland Route, Chicago to San Francisco; Golden State, the direct line from Chicago to Los Angeles and San Diego; or Santa Route, west over northern lines and south from Seattle and Portland.

Read the interesting Sunset Route booklet describing the trip in detail. Ask for a copy and for further details.

Sunset Limited

Chas. Berry, Agent
